## Antique Tile Glazed Terracotta Collection

The Country Floors Antique Tile Collection continues the long cultural tradition of applying the decorative element of glaze to a classic terracotta body. The carefully created patterns in this collection offer any design team the opportunity to make a timeless comment in any space. Terracotta, can be very easily defined as “baked earth”, and has a history dating back centuries, as previously noted.

The typical uses over time have included tiles, mosaics, potteries of all types, roof tiles, drainage pipes and more. The body is usually relatively porous and may have been literally baked in the sun or fired in a kiln.
