

Materia

Materia nasce dall'idea sviluppata in Piemme per una nuova espressione della ceramica, una materia nobile con una grande storia creativa che ritrova e rilancia il proprio estro originario e, grazie alla sua tecnica grafica, analizza l'estetica di materie differenti, come il metallo, la pietra e la ceramica stessa.

Materia is conceived to introduce a new expression of ceramics. A noble material with a great history relaunches its creative potential thanks to the graphic technique and the diverse esthetics of materials like metal, stone and ceramics itself.

Mit „Materia“ möchte Piemme der Keramik einen neuen Ausdruck verleihen. Das edle und geschichtsträchtige Material findet zurück zu seinen Wurzeln, erfindet sich neu und analysiert mit seiner graphischen Technik seine eigene Ästhetik sowie die anderer Materialien wie Metall und Stein.

« Materia » est l'aboutissement d'une idée développée par Piemme: donner à la céramique, matière noble, riche d'une histoire nourrie de créativité, une nouvelle forme d'expression où elle puisse retrouver son style originel. Ses techniques graphiques lui permettent d'analyser les dimensions esthétiques de matières comme le métal, la pierre ainsi que la céramique.
